

Updates:

March 31, 2010:

- Version 1.2.598 – Initial Release

April 20, 2010

- Version 1.2.797
- Added a tool to identify Termini polygons
- Added documentation for all tools
- Fixed a number of bugs found in various tools

April 27, 2010

- Version 1.2.805
- Primarily modified manual to clarify and further explain several tools.
- Minor modifications to dialog control names.

June 24, 2010

- Version 1.2.808
- Several minor code changes throughout extension.
- Added discussion of R tools to the manual.

July 1, 2010

- Version 1.2.809
- Fixed a “Type Mismatch” error that occurred when you clicked the button for many of the raster tools. The error would only occur if you had a non-raster layer selected in your map when you clicked the tool.

July 20, 2010

- Version 1.2.813
- Repaired a bug in the 3-class slope position tool in which it mislabeled “canyons” as “ridges” and vice versa.

November 6, 2010

- Version 1.2.815
- Updated tools and installer to run in ArcGIS 10.0.
